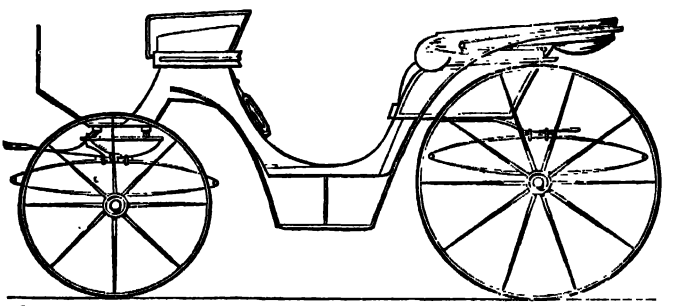
CARRIAGES.

HOOPER & CO.,



113, VICTORIA ST., LONDON, S.W.

ESTABLISHED 1807.

Coach-builders by Special Appointment to Her Majesty the Queen.

1876.—Philadelphia.—First Class Medal.—REPORT OF JURORS: "The Carriages exhibited by this Firm, for correctness of outline—general form—perfect adaptation for the purposes intended—harmonious combination of Colours—excellent Material and Workmanship—entitle them to the 'HIGHEST COMMENDATION,' the 'Vienna Phaeton' and 'Drag' especially.

HOOPER & CO. beg to draw the attention of Gentlemen and Carriage Purchasers in India and other countries to the improved construction of their Carriages, combining lightness, strength, elegance of outline, and comfort; special care being devoted to their artistic design and proportion.

Landaus with patent balance-action heads, to enable the occupants readily to open the Carriage, or close it in case of rain, and light enough to use for long distances in hilly countries.

One of these Landaus was supplied to H.R.H. the Prince of Wales, who, after a careful inspection, expressed his great satisfaction with the Carriage.

A larger one was afterwards supplied for H.R.H.'s own private use in India.

The Carriages built by H. & Co. are of the best manufacture, and have received the highest awards at most of the great International Exhibitions.

EXPORTATION TO THE CONTINENT OF EUROPE, INDIA, THE BRITISH COLONIES, NORTH AND SOUTH AMERICA, ETC.

(Remittances can be made through Messrs. Barclay & Co., Bankers, 54, Lombard Street, London, E.C.)

The New Premises in Victoria Street are so designed as to afford great facilities for manufacturing, as well as to provide lofty and well lighted Show-Rooms for the proper display of a large number of Carriages ready for immediate use, or for Shipment to Foreign Countries and the Colonies.

In Ordering Carriages, the size of the Horses to be used should be stated, to prevent an unsuitable size being provided.

NOTICE.

WE beg to call attention to the important changes which have been made in this issue of our "BENGAL DIRECTORY."

The Offices of the Departments of the Governments of India and Bengal have been recast in alphabetical order, and it is hoped greater facility of reference is thereby secured.

The Offices of the Governments of Madras and Bombay will also be found in full detail under the heads of the respective Cities in the Mofussil Directory.

Every District in the Bombay and Madras Presidencies has now been added to the Mofussil Directory, and this Section is, therefore, a complete guide to the official community throughout India.

The Army Lists of the Bengal, Madras, and Bombay Establishments are now incorporated in the Military Directory.

To facilitate reference in the Calcutta Section of the Directory, the Joint Stock Companies, Mercantile Houses, Agencies, and Trades have been incorporated in one List.

The other features of the Directory remain unchanged, but to bring the enormous increase of new material within a reasonable bulk, each page has been increased in size.

We hope that the Directory will meet with the same favour which has been accorded to its predecessors.

THE PUBLISHERS.

A CAUTION TO USERS OF BELTING.

MR. GANDY begs to inform the users of belting that he is the inventor, patentee, and sole manufacturer of the belt now so well known as the "GANDY" BELT. His great success has caused unprincipled makers to make belting in imitation of his, and to issue price lists very closely imitating his, on which price lists are given figures as representing the strength of the belts they sell. These figures are not correct, and mislead buyers. They represent one solitary piece of belting specially made for the purpose of that test, but the belting that is sold is not more than two-thirds that strength. Eight pieces of belt purchased in different places, at different dates, all of which have been tested, and the certificates of which can be seen, prove this. The public is therefore cautioned against this fraud. These unscrupulous people, by making such statements, and offering their imitation of "GANDY'S" BELTS at a less price or greater discount to buyers, induce them to take these belts as the genuine "GANDY" BELT, and in many instances they represent their goods as the genuine belt, buyers believing they are buying GANDY'S goods.

In May 1883, in an action in Chancery, Mr. GANDY was granted an injunction, with costs, against KERR & JUBB, of HALIFAX, for selling large quantities of Spurious Belting, as and for the Belts of GANDY, where the Belting of GANDY had been ordered. Mr. GANDY has reason to believe that this is still being done, hence the necessity for this caution to Buyers. That Buyers may see for themselves, Mr. GANDY now stamps his Belts with his name every few feet, and Buyers will do well to see that the Belts they get are so stamped, and, when ordering Belts from Merchants or Dealers, to write on their order that they must have GANDY'S.

Users abroad, when sending indents home for belts, will save themselves money and annoyance by stipulating to have none but the original and genuine "GANDY." By not so stipulating, it is known that some merchants send that on which they can get the largest amount of extra discount or commission, whilst the poor buyer abroad suffers by the transaction.

RULES FOR "VALUE-PAYABLE" ARTICLES.

(i. e., *Parcels and Registered Book Packets.*)

1. The sender of a parcel or registered book packet may, at the time of posting, state the value of its contents in view to the amount being realized from the addressee and paid to the sender.

2. "Value-payable" articles may be posted in, and addressed to, only such post offices as are money order offices. Offices which are not money order offices are distinguished by figure 5 in the list of post offices given at page 93, *et seq.*

3. "Value-payable" parcels should be packed as ordinary parcels, and "value-payable" book packets should be packed in open covers, as prescribed for ordinary book packets. In both cases the sender is responsible for secure packing. "Value-payable" parcels may be insured in accordance with the rules for packing of insured parcels.

4. The commission chargeable on payment to the sender of the value of the contents of a "value-payable" article will be as follows:—

	Rs.	As.
If the value does not exceed Rs. 10	0	2
If it exceeds Rs. 10, and does not exceed Rs. 25	0	4

And 4 annas for every additional Rs. 25 or fraction thereof up to the limit value of Rs. 1,000.

5. The commission will be deducted from the amount of the realized value when payment is made to the sender. Payment will be made by means of money orders. If a "value-payable" article is refused by the addressee, or from any cause is not delivered, payment of the value will not be made to the sender, and no claim will be made upon him, except for any unpaid postage which may have been originally due.

6. Postage will be chargeable on "value-payable" parcels at the same rates as are chargeable on ordinary parcels, and it may be prepaid, or otherwise, at the option of the sender. Prepayment of parcel postage can only be made in cash. The postage (at ordinary book packet rates) upon a "value-payable" registered book packet and the registration-fee (2 annas) must be prepaid by means of stamps.

7. The limit of weight (2,000 tolahs) prescribed for ordinary parcels, as well as the conditions respecting size, &c., for ordinary parcels and ordinary book packets, will be applicable to "valuepayable" articles. The value of the contents of a "value-payable" article may not exceed Rs. 600.

8. The value of the contents of "value-payable" articles, together with any postage due, must be paid by the addressees before they are delivered.

9. "Value-payable" articles will be received at the window of the post office during the hours fixed for receiving ordinary articles, *i.e.* (with a few exceptions) between 7 to 8 A. M., and from noon to 5 P. M., except on Sundays. They must be posted one hour at least before the closing of the mail with which they are to be dispatched.

10. "Value-payable" articles, when presented at the post office window, should be accompanied by a memorandum containing the following particulars, *viz.*:—

Name and address of the addressee in full.
Value of the contents recoverable from the addressee.
Date of posting.

A description of the contents should not be given, unless the sender desires to insure the parcel, in which case the insurance rules must be followed.

11. Intimation of the arrival of a "value-payable" article will be sent to the addressee, and on his presenting at the post office, either personally or by messenger, the receipt at foot of the intimation duly signed, and tendering the amount of the value of the contents, together with any postage that may be due, the article will be delivered. The article should be carefully examined by the addressee or his messenger before it is received, and if there be any appearance of tampering, it should be brought to the notice of the postmaster, in whose presence, if necessary, it may be opened.

RULES FOR INSURING VALUE OF CONTENTS OF LETTERS AND PARCELS.

Registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

2. The facility for insuring registered letters and parcels will be made available at almost all post offices; the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in cases of incomplete address, fraud or wrong declaration on part of sender, delivery to unauthorized agent, non-intimation of loss within three months, insufficient packing, though cover may seem untouched.

3. The compensation will be payable one month after the date on which intimation of loss is given by the sender to the post office.

4. An acknowledgment signed by the addressee will, in ordinary course, be transmitted to the sender.

5. No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender.

6. The charges for insurance will be as follows:—

When the value certified does not exceed Rs. 50 ... 2 annas,
" " " " 100 ... 4 annas,

and 4 annas for every additional Rs. 100 or fraction thereof.

7. The prepayment of postage, and in the case of letters the registration fee, is compulsory, and must be effected by postage stamps affixed to the article. The prepayment of the insurance fee is also compulsory. In the case of insured letters, the insurance fee must be effected by stamps affixed to the letter, and in the case of parcels the postage and insurance fees must be by means of cash tendered with the article.

8. A written declaration stating the nature and value of the contents must accompany each registered letter or parcel tendered for insurance, and if currency notes form the contents or part of the contents thereof, the serial and general numbers as well as the value of each note must be written in the declaration. The signature and address of the sender must be added. This declaration will be recorded in the post office.

9. The declared value must also be certified by the sender in figures and words immediately above the address on the envelope or cover of the letter or parcel: no correction or erasure is permissible in the writing or figures of the amount certified.

MONEY ORDERS.

INLAND AND CEYLON MONEY ORDERS.

Post offices generally are authorized to issue and pay money orders.

A separate application written on one of the printed forms supplied gratis by the post office must be made for each money order. The name of only one person may be entered in the application as payee, and the name of only one person as remitter, except in the case of Firms or Corporations, when the usual designation must be given.

The remitter shall have nothing to do with the transmission of the money order, this work being done entirely by the post office; but in due course he should expect to receive through the post office an acknowledgment signed by the payee. A money order shall be delivered by the post office of the post town named in the address given by the remitter, and, if necessary, it shall be redirected. A money order delivered by the post office to the payee shall be accompanied by a receipt and an acknowledgment, both of which must be signed by him on taking delivery of the money order. The acknowledgment so signed shall be forwarded by the post office to the remitter.

A money order is not transferable by indorsement: it must be signed by the payee named therein, and having been so signed, it may be presented for payment by the payee or any other legitimate holder.

After the close of the month following the month of the date of the money order, it shall lapse: a lapsed order shall, however, be payable within two months from the date of its lapsing, if postage stamps equal in value to a second commission be affixed to the back of it. After the expiration of two months from the date of lapsing, the amount of the money order shall be forfeited.

A money order can be paid only at the office or offices of payment mentioned thereon.

If a money order is lost, application for a duplicate may be made by the payee to the office of payment, or its head office, accompanied by a fee in cash equal to a second commission. It must be made in writing, and the post office shall require the applicant to furnish such particulars or evidence as may be deemed necessary to establish the claim.

The value of a money order shall not exceed Rs. 150, and shall not include the fraction of an anna. The same remitter shall not be allowed to obtain in one day more than four money orders payable to the same person.

INDIAN POSTAL NOTES.

Postal Notes for fixed sums of money are always obtainable from Head Post Offices and generally from Sub and Branch Post Offices. They will be payable only at Indian Offices.

The Postal Notes are of three values and printed in different colours. The cost of each value is shown below, with the commission chargeable on each:

Rs.	As.					
2	8	... Commission	...	1	Anna	Black.
1	0	... „	...	6	Pies	Red.
0	8	... „	...	3	Pies	Blue.

The remitter of a Postal Note must, before parting with it, fill in the name and address of the person to whom the amount is to be paid. The person so named must, before payment can be made, sign the receipt on the back of the Note, and also fill in the name of the Post Office (Head, Sub or Branch) at which payment is to be made. Should the name of a Sub or Branch Office be filled in, the money will be obtained by that Sub or Branch Post Office from the Head Post Office.

Every purchaser of a Postal Note should keep a record of the number, date, and name of the Head Post Office of issue, so as to facilitate enquiry in case of loss.

After a Postal Note has once been paid, the Government will not be liable to any further claim.

If a Postal Note be cut, defaced, mutilated or altered, or if any erasure be made, payment will be refused.

After the expiration of three months from the last day of the month of issue, a Postal Note *will* lapse. A lapsed Note will, on payment of a second commission, be payable during a further period of three months, at the expiration of which the Note will be forfeited.

STOCK NOTES.

Stock notes are of four denominations, *viz.*, Rs. 12½, Rs. 25, Rs. 50, and Rs. 100.

Stock notes are issued at par, and bear interest at the rate of 4 per cent. per annum.

Stock notes are transferable from hand to hand, without endorsement or any other formality whatever, the purchaser, presumably, paying to the vendor the interest accrued up to date of transfer. The amount of interesta ccruing monthly on each note is for the convenience and security of the public, stated on the face of it.

A person purchasing a stock note at any other time than the first half of the February of the year preceding that marked upon the lowest (that is, the first payable) coupon attached thereto shall have the option (1) of paying up the interest already accrued upon the said coupon and of keeping the said coupon, or (2) of receiving anticipation interest up to the 1st of February following the date of purchase, and taking the note without the said coupon. In all such cases no account shall be taken of the interest due for broken periods of a month.

The interest accued on each denomination will thus be reckoned as follows:—

Illustration.—A note for Rs. 25 is sold on the 16th June 1882, with a coupon attached bearing date 1st February 1883. Here the purchaser may either pay interest for five months and retain the first coupon, or receive interest for seven months and give up the first coupon. For broken periods up to the 15th of a month, the purchaser cannot claim abatement; and for broken periods from the 16th to the end of month no claim can be made against him.

The interest payable on stock notes will be free from taxation of every description.

In order to obviate inconvenience to land-owners from the collection and payment of land revenue, stock notes may be deposited at the Government Treasury where such revenue is payable; and the interest thereon will be credited, as it falls due, to the land revenue account of the depositor. The notes will be returned and the arrangement terminated whenever the depositor so desires. The notes will be returned and the arrangement terminated whenever the depositor so desires. The interest on coupons, if they are presented undetached from the stock note to which they belong, will also be credited, when it has become due, in payment of land revenue and State demands of all kinds.

Stock notes will be obtainable on demand at all district, sub-divisional, and tahsildar's or similar subordinate Treasuries. Notes of any of the three lower denominations will also be exchangeable at such Treasuries for their equivalent in notes of the higher denominations.

Interest will be payable annually, on presentation of the note, on or after the dates specified thereon, at *any* of the Treasuries situated within the circle to which the note belongs. The transfer of payment of interest from one circle to another will not ordinarily be allowed. On the first presentation, the disbursing officer will himself cut off, and retain as a voucher for the debit in his accounts, the coupon or portion of the note relating to the first payment of interest; and on subsequent presentations he will similarly cut off and retain the succeeding coupons. On presentation of the final or principal portion of the note, he will retain it and issue to the holder a new note, which will similarly run for a fresh series of years; and so on, unless the note shall have been advertised for repayment. No note will be discharged within twenty-years from the date of issue thereof, or without six months previous notice of intention to discharge.

**. Applications respecting mutilated and lost stock notes will be treated, as far as possible, according to the rule laid down for mutilated and lost currency notes of the Government of India.

Are issued from the following Circles and Sub-Circles: Calcutta, having for its Sub-Circles Allahabad and Lahore; Madras, having for its Sub-Circles Calicut and Coconada; Bombay, having for its Sub-Circles Karachi, Nagpur, and Akola.

The Numbers and Indicating Letters should be carefully noted when receiving and parting with Notes.

The value of a whole Note lost in post or otherwise cannot be recovered from Government except by a special order of Government under very special circumstances.

The value of Notes mutilated may be recovered on the circumstance being reported to the Commissioner of Paper Currency of the Circle to which the Note belongs, with its number, date, etc., and, after a certain time, pay the amount on an indemnity-bond to be granted by the principal and two securities.

The value of a half-Note, the other half of which has been lost, may be recovered in the same manner.

A Note lost should at once be reported to the Commissioner of Paper Currency of the Circle to which it belongs, with its number, &c., for the purpose of its being "stopped."

The Government cannot refuse to cash a Currency Note by whomsoever presented, but the name and address of the presenter will be taken and reported to the rightful owner for him to take whatever steps he may think necessary.

Any person who has come into possession honestly of a mismatched Note, may, if he desires, leave it in deposit at the Currency Office of the Circle concerned, in order that, if the corresponding half turns up, he may be put in the way of recovery of the value.

IMPROVED STYLOGRAPHIC PEN.

THE "POCKET MACKINNON"

IRIDIUM-POINTED FOUNTAIN PENS.

The only Practical Fountain Pen in the World, as it will wear many years.

The Mackinnon Pen writes like an Ordinary Lead Pencil, but with Ink instead of Lead, and gives the combined advantages of Pen and Pencil.

It resembles many of the pen-holders or pencils now in use. The handle is a tube which holds ordinary writing or copying ink. The Writing point is conical and terminates in a graceful tube of gold, tipped with iridium and polished smooth as glass. Through a fine aperture, DRILLED THROUGH the IRIDIUM on the point, the ink flows at the slightest touch on any surface, and it is so constructed that as soon as the pressure of writing is removed, the ink instantly ceases to flow.

There are several IMPORTANT ADVANTAGES gained by the MACKINNON PEN over all other pens and pencils.

With one filling it will write from SEVENTY to EIGHTY PAGES of foolscap paper, does the work in a third less time, and with less fatigue than attends the writing of twenty pages with the ordinary pen.

The writing point and valve needle being IRIDIUM (called by gold pen-makers diamond), it will wear an ordinary lifetime.

IT CAN NEVER BLOT, there being no outlet for ink, only through a minute orifice at the point which closes at once when raised from the paper.

Its materials being VULCANIZED RUBBER, GOLD, SILVER, and IRIDIUM, all of which are unaffected by acids, ink cannot corrode it. When not in use, being perfectly air-tight, the ink never can thicken or dry in it.

It does away with the necessity for inkstands. It needs no sharpening, no adjusting, no wiping, no dipping for ink. It is neat, clean, ever ready, simple, writes on any kind of paper, and glides as smoothly as a lead pencil.

No invention of modern times has so rapidly grown in public favour; and the steadily increasing demand is the BEST EVIDENCE OF ITS WORTH.

Each pen is enclosed in a Leather Box with a Syphon for fitting, and Directions for use.

BRITISH INDIAN MONEY, WEIGHTS, AND MEASURES.

The gold Coin is the *Mohur* = 16 Rupees, but silver is the standard metal of India. The current money is one Rupee = 16 annas; 1 anna = 12 pie.

The weight of the Gold Mohur and that of the current Rupee is the same, *viz.*, 180 grains Troy. Sicca Rupees are referred to in the Money Market, but they are not issued; 100 Sicca Rupees are equal to 106-10-8 currrent Rupees.

To convert Sicca Rupees into current, add $\frac{1}{15}$th; and current Rupees into Sicca, deduct $\frac{1}{16}$th.

Bazar Weight.—16 Chittacks are one seer, or 2 lbs. 0 oz. 13 drs., and 40 seers 1 maund, or 82 lbs. 2 ozs. 3 drs. 100 Bazar maunds = 110 Factory; and 1½ Factory maunds = 1 cwt.

Factory Weight.— 16 chittacks are 1 seer, or 1 lb. 13 ozs. 14 drs.; and 14 seers, 1 maund, or 74 lbs. 10 ozs. 11 drs. The Indian maund = 82⅔ lbs. Avoirdupois Weight.

N.B.—The relative value of the money of India and England fluctuates in the money Market; thus a Rupee is sometimes worth 2*s.* 2*d.*, and sometimes only 1*s.* 9*d.*, but 2*s.* is the medium, or, as it called, its par value.

Cowries (*Cypræa moneta*), or small shells, are also made use of for fractional payments. Their value is subject to fluctuations. They are reckoned in Bengal:—

4 Cowries	... ...	make 1 Gunda.

British Indian Weights.

The *Unit* of the British Fonderary System is called the *Tola*. It weighs 180 grains English Troy Weight. From it upwards are derived the heavy weights, *viz.*, *Chittack*, *Seer*, and *Maund*; and by its sub-division, the small and jeweller's weights called *Mashas*, *Ruttees*, and *Dhâns*.

The following Table gives both the series:—

1 Dhán or grain		...	=	$\frac{15}{32}$	grain Troy	=	$\frac{5}{175}$ dr. Avoir.

8 Ruttees	= 1	Masha	=	15	„	=	$\frac{96}{175}$ „
12 Mashas	= 1	Tola	=	7 dwt. 12	„	=	$6\frac{102}{175}$ „
5 Tolas	= 1	Chittack	=	1 oz. 17½ dwt.	Troy	=	$2\frac{2}{35}$ oz. „
16 Chittacks	= 1	Seer	=	2¼ lbs.	Troy	=	$2\frac{2}{5}$ lb.
40 Seers	= 1	Mun	=	100 lbs.	Troy	=	$82\frac{2}{7}$ lb.

N.B.—The Maund is exactly equal to 100 English pounds Troy, and 35 Seers are exactly equal to 72 pounds Avoirdupois.

To Convert Indian Weight into Avoirdupois.

Multiply the weight in Seer by 72, and divide by 35; the result will be the weight in lbs. Avoirdupois; or multiply the weight in Maunds by 36, and divide by 49; the result will be the weight in cwt. Avoirdupois.

To Convert Avoirdupois Weight into Indian Weight.

Multiply the weight in lbs. Avoirdupois by 35, and divide by 72; or multiply the weight in cwt. by 49, and divide by 36; the result will be the weight: in the former, in Seers; in the latter, in Maunds.

A Ton is equal to 27·222 Maunds, or 27½ Maunds nearly.

Bazar Weight.

5 Sicki* or Quarter Rupee	make	1 Kancha.
4 Kanchas*		1 Chittack.
4 Chittacks, or 20 Tolas ...	„	1 Powah.
4 Powahs ...	„	1 Seer.
5 Seers ...	„	1 Pusseree.
8 Pusserees, or 40 Seers ...	„	1 Maund.

To reduce Bazar weight into Factory weight, add 1-10th.

Thus:	3,000 Bazar Maunds.
Add 1-10th	300
	3,300 Factory Maunds.

To reduce Bazar weight into Cwt., add 1-10th, and deduct 1-3rd of that sum, the remainder will be Cwt.

Thus:	3,000 Bazar Maunds.
Add 1-10th	300
	3,300
Deduct 1-3rd	1,100
Remainder	2,200 Cwt.

To reduce Factory Maunds into Tons, divide by 30, and the quotient will be the answer.

Thus: Factory Maunds 3,000 ÷ 30 = 100 Tons.

* These are Bengal weights, and not used in the N. W. Provinces.

The following Tables have been calculated on the 3rd elements of Indian weights, as being still of a more general use. If it was necessary to convert old Bazar Maunds into new ones, the operation would consist simply in the following rule :—

A (the old weight) : Y (the new weight) : : 1,79,666 : 1,80,000.

EXAMPLES.

Required the value per lb. of Indigo at Co.'s Rs. 200 per Factory Maund, Exchange at 2*s.* per Co.'s Rupee.

In the Table in a line with 2*s.*, and under per lb. at Co.'s Rs. per Factory Maund, is the Number ·001339, which, when multiplied by Co.'s Rs. 200, will give ·2678 decimal of a £ Sterling; or 5*s.* 4½*d.*

Required the value per Cwt. of Sugar at Co.'s Rs. 7-8 per Bazar Maund, Exchange at 2*s.* 1*d.* per Co.'s Rupee.

Opposite to 2*s.* 1*d.*, and under per Cwt. at Co.'s Rs. per Bazar Maund, is the Number ·142, which, when multiplied by Co.'s Rs. 7½, will give the value in £ Sterling expressed decimally, 1·065, or £1 1*s.* 3½*d.*

Required the value per lb. of Quicksilver at Current Rs. 4 per Factory Seer, Exchange at 2*s.* per Co.'s Rupee.

In a line with 2*s.*, and under per lb. at Current Rs. per Factory Seer, is the Number ·04926, which, when multiplied by Current Rs. 4, will give ·19704 decimal of a £ Sterling; or 3*s.* 11½*d.*

Indian Cloth Measure.

3 Jobs make 1 Ungli ... say =	¾ Inch.	8 Girahs make 1 Hath ... say =	18 Inches.
3 Unglis „ 1 Girah ... „ =	2¼ Inches.	2 Haths „ 1 Guz ... „ =	1 Yard.

N.B.—The Guz varies in different localities from 24 to 36 Inches.

There appear to be no Indian measures of capacity for Dry and Liquid goods, which are sold by weight. Wherever, for the sake of convenience, measures are employed, they are intended to represent some specific weight of a *Seer*, *Chittack*, &c.

Lineal Measure.

Notwithstanding that the cubit or human fore-arm is the basis or unit in Oriental and Western Countries, there is no fixed standard established in India.

In Bengal the measure mostly used is the following:—

1 Hath (Cubic)	=	18 Inches.
4 Haths = 1 Danda	=	2 Yards.

2,000 Dandas = 1 Coss.

The Coss or Bengal mile is equal to 1 mile, 1 furlong, 3 poles, 3½ yards English.

The Indian Imperial Coss is equal to 2¼ miles nearly.

In the N. W. Provinces, the average distance is about 2 miles, but it differs in almost every province in the country. For instance, in Agra and Muttra, the coss is about 1¾ miles; towards the Hills the coss is a little more than a mile; in Bundlecund is three times as longas in other parts, and is called a *Pucca Coss;* while in the Doab is the *Gow Coss*, or as far as the lowing of a cow is heard at dead of night.

Bengal Square or Land Measure.

LIST OF INDIAN POST OFFICES

AND TELEGRAPH STATIONS.

Explanation of letters and figures.

Capital Type is used to denote *Head Offices:* such offices receive correspondence of all kinds by the most direct route. The first name is the name of the Post Town. The second name is the name of the Postal Circle.

Letter 's' denotes a *Sub-Office*, which receives unpaid or insufficiently paid correspondence only through its Head Office, even though the route may be circuitous. It is advisable, therefore, to prepay correspondence intended for delivery by a Sub-Office. The first name is the name of the Post Town. The second name is the name of the District, and where this is printed in the same column with the Post Town, with a hyphen between them, it should be added in addressing letters so as to distinguish the Post Town from other offices of the same or a similar name in other districts. The third name is the name of the Postal Circle.

Figure 1 indicates offices liable to confusion from similar spelling.

Figure 2 indicates offices to and from which articles can be only partially insured.

Figure 3 indicates offices which cannot deal with insured articles.

Figure 4 indicates Season Post Offices.

Figure 5 indicates offices which are not Money Order Offices, and which cannot receive or deliver value-payable articles.

Figure 6 indicates offices which are not Savings Banks.

Letter 't' stands for Telegraph Offices.

THACKER, SPINK AND CO., CALCUTTA.

THACKER, SPINK & COMPANY'S

"HALF-TOLA"

INDIAN POSTAGE NOTE PAPER

This very useful Note Paper has been manufactured expressly for T. S. & Co. to meet a generally experienced want in this country. It combines the advantages of a perfectly smooth surface quite free from grease, while at the same time, with a

SQUARE ENVELOPE,

It weighs under the half-tola, the limit for the half-anna postage.

THE "NEW INLAND," OR "HALF-TOLA" POSTAGE PAPER,

is manufactured from the finest rags only; it is very durable, and not easily torn, and the surface is equally adapted for Quill or Steel Pens.

The Half-Tola Stationery

cannot be surpassed for smoothness, delicacy of tone, and firmness of texture. The absence of colouring matter tends to improve its durability, while it does not in any way affect it for writing purposes.

The great success which has attended the introduction of this Paper is a sufficient guarantee of its quality, and the continued demand for it is the best proof of its being thoroughly appreciated by the public.

It is the best remedy known for COUGHS, COLDS, CONSUMPTION, BRONCHITIS, and ASTHMA.

It effectually checks those too-often fatal diseases—FEVER, AGUE, DIABETES, CROUP, and WHOOPING COUGH.

It acts like a charm in DIARRHŒA, and is the only specific in CHOLERA and DYSENTERY.

It effectually cuts short all attacks of EPILEPSY, HYSTERIA, PALPITATION, CONVULSIONS, and SPASMS.

It is the only palliative in NEURALGIA, RHEUMATISM, GOUT, TIC DOLOREUX, CANCER, TOOTHACHE, and all NERVE PAIN.

It rapidly relieves pain from whatever cause; allays the irritation of fever; soothes and strengthens the system under exhausting diseases; and produces quiet and refreshing sleep, and MARVELLOUSLY PROLONGS LIFE.

IMPORTANT CAUTION!

Four Chancery Suits terminated in favour of **FREEMAN'S ORIGINAL CHLORODYNE**, and against J. Collis Browne and J. T. Davenport. Lord Chancellor Selborne, Lord Justice James, and Lord Justice Mellish condemned their proceedings, and ordered them to pay all costs of the suits.—Reported in the *Times* and other Newspapers, April 29th and July 24th, 1873.

Head-Quarters Staff, Cabul, *May 31st*, 1880.

MR. R. FREEMAN,

Dear Sir,—It is with much pleasure that I am able to state that your **CHLORODYNE** has been of special service to me in alleviating the wearisome spasms of Asthma, which is here existent in an aggravated form; many of my patients now come and beg me to give them that medicine which always relieves them, and which I need hardly say is your Chlorodyne.

Yours faithfully,

CHARLES W. OWEN, L.R.C.P., Lon., M.R.C.S., Eng.,

The Divisional Head-Quarter Staff and Civil Surgeon, Cabul.

"The Times," August 13, 1877.

From our own Correspondent with the Russian Army.—Okoum, July 15th, 1877.

The want of sanitary arrangements in the Russian Camp was dreadful, and had we remained there a few weeks longer, dysentery and typhoid fever would have played more havoc in our ranks than the bombs of the Turks. I myself acquired an unenviable reputation as a doctor, owing to my being provided with a small bottle of **CHLORODYNE**, with which I effected miraculous cures.

None genuine without the words "Freeman's Original Chlorodyne" engraved on the Government Stamp. *Testimonials from most eminent Medical men accompany each bottle.*

Manufactured by the sole Inventor, **RICHARD FREEMAN, Pharmacist, 70, Kennington Park Road, London, S.E.**

Sold by Patent Medicine Dealers, in all parts of the world, in bottles.—1s. 1½d.—2-oz., 2s. 9d.—4-oz., 4s. 6d.—½ pints, 11s.—and pints, 20s. each.
